President's Report March 2026

As I sit here writing this newsletter there is a raging blizzard hammering us just weeks after having a snow storm ending in three inches of ice on top of the snow making it like cement and temperatures in the single digits and a promise of more snow during the rest of the week. This has been a winter like we haven't seen in years and quite frankly can do without. It's hard to believe the twenty-first of this month is the beginning of spring. With the ground and lakes frozen it is very difficult to almost impossible for our wildlife to find food. We have had geese off the lakes looking for food and unfortunately several have died due to starvation not Avian Flu. The geese were not the only casualties. Sorry to say we lost deer and some small critters too. I want to thank all our residents who diligently removed their vehicles from the streets during these storms parking on lawns and empty driveways where applicable. It was a tremendous help allowing the plows to come through making a clean sweep in most cases from curb to curb. I think we will all rejoice with the advent of warm weather and the coming of Spring.

I know we discussed the process concerning the ratification of the fees that were raised at last month's Trustee meeting but due to the bitter cold we did not have enough people to call for a membership vote nor was it posted as such in the newsletter so I will play it again Sam in my column. Last April at the 2025 BiAnnual meeting the board did several things. The first of which was raising the annual dues to $25.00 per month which a large majority of our membership voted for. The board raised all our other fees: home owners initiation buy in fee from $1,500.00 to $2,000.00, the hall rental fee from $125.00 to $250.00 and the home rental fee from $100.00 to $500.00 by resolution and they have been recorded at the Ocean County Clerk's office. Now we need to have a vote of the community for ratification which we will do at our March trustee meeting on Monday night the ninth so please make it a point to attend.

Please remember all nominations and resumes must be in the office by Wednesday March 18th for the April Newsletter. As I said newsletter ballots will be in the April newsletter. They may be returned by mail, dropped off at the office or posted the day of the election at the clubhouse.

Also remember Candidates night Tuesday April 7th from 6PM till 9PM. Please come out for a meet and greet. Get to see who is running and see if they meet your standards to run for office.

Don't forget to set your clocks ahead on March 8th. Wishing you all a very happy warm spring.

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM

UNIVERSAL SERVICE FUND

FFY 2026 FACT SHEET

The Low-Income Home Energy Assistance Program (LIHEAP) is designed to help low-income families and individuals meet home heating and medically necessary cooling costs. This year, the application period, based on a first come first serve basis, is October 1, 2025, to June 30, 2026. To apply for LIHEAP, you can apply online at www.energyassistance.nj.gov or contact an authorized local agency in your county for assistance. For persons aged 60 or over, or who are disabled, applications may be received and returned by mail or a home visit may be requested from the agency in the applicant's county of residence if needed. Other households may apply by mail at the discretion of the local agency.

To be eligible for LIHEAP benefits, the applicant household must be responsible for home heating or cooling costs, either directly or included in the rent; and have a gross income at or below 60% of the State Median Income. The chart below gives specific monthly gross income maximums for FFY 2026. Persons who live in public housing and/or receive rental assistance are not eligible for LIHEAP heating assistance, unless they pay their own heating costs directly to the fuel supplier. The amount of the LIHEAP heating benefit is determined by income, household size, fuel type, and heating region.

The LIHEAP medically necessary cooling assistance benefit amount will be $300.00, which will be issued as a direct credit to an active electric account in our system, otherwise they will be issued as one-party check to the eligible applicant.

An eligible household that heats with natural gas or electricity may have its benefits directly forwarded to its utility company. Otherwise, in most cases eligible households directly responsible to a fuel supplier for payment of home heating costs receive a two-party check in the name of the applicant and "the fuel supplier". Households whose heating costs are included in their rent receive a one-party check made out to the eligible applicant.

Please Note: The FFY 2026 LIHEAP application is also an application for the Universal Service Fund Program (USF). Applicants can receive benefits from both programs at the same time.

The Universal Service Fund (USF) is a program created by the New Jersey Board of Public Utilities and administered by the New Jersey Department of Community Affairs to help make natural gas and electric bills more affordable for low-income households. To be eligible, a household gross income must be at or below 60% of the State Median Income, (please refer to income guidelines listed below) and have a residential electric or gas bill in a household member's name. USF helps pay gas and non-heating electric costs over a certain percentage of household income, based on heating type, up to a cap of $200 per month.

For further information on LIHEAP or USF or to locate the nearest application agency, call 1-800-510-3102. Additional information about LIHEAP and USF, including an application, is also available at www.energyassistance.nj.gov.

Directions

1. Preheat oven & pan options: Preheat oven to 400°F (204°C). There are options for the baking pan. Use a regular baking sheet and line with parchment paper or a silicone baking mat (bread spreads a bit more on a baking sheet), or use a seasoned 10-12 inch cast iron skillet (no need to preheat the cast iron unless you want to), or grease a 9-10 inch cake pan or pie dish. You can also use a 5 quart (or higher) dutch oven. Grease or line with parchment paper. If using a dutch oven, bake the bread with the lid off.
2. Whisk the buttermilk and egg together. Set aside. Whisk the flour, granulated sugar, baking soda, and salt together in a large bowl. Cut in the butter using a pastry cutter, a fork, or your fingers. Mixture is very heavy on the flour, but do your best to cut in the butter until the butter is pea-sized crumbs. Stir in the raisins. Pour in the buttermilk/egg mixture. Gently fold the dough together until dough it is too stiff to stir. Pour crumbly dough onto a lightly floured work surface. With floured hands, work the dough into a ball as best you can, then knead for about 30 seconds or until all the flour is moistened. If the dough is too sticky, add a little more flour.
3. Transfer the dough to the prepared skillet/pan. Using a very sharp knife or bread lame, score the dough with a slash or X about 1/2 inch deep. ("Score" = shallow cut.)
4. Bake until the bread is golden brown and center appears cooked through, about 45-55 minutes. Loosely tent the bread with aluminum foil if you notice heavy browning on top. For a more accurate test, the bread is done when an instant-read thermometer reads the center of the loaf as 195°F (90°C).
5. Remove from the oven and allow bread to cool for 10 minutes, and then transfer to a wire rack. Serve warm, at room temperature, or toasted with desired toppings/spreads.
6. Cover and store leftover bread at room temperature for up to 2 days or in the refrigerator for up to 1 week. We usually wrap it tightly in aluminum foil for storing.

Paper Shamrock Wreath

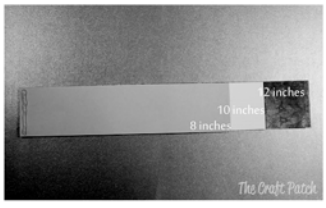
This adorable Shamrock Wreath is a great DIY St. Patrick's Day decoration and it is made entirely out of scrapbook paper!

Materials Needed

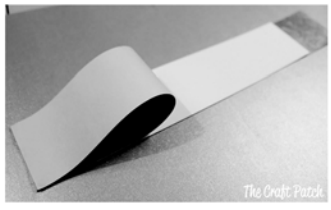
- Scrap Paper. Double-sided looks best. Or you can glue two pieces together to make double sided paper. You will need:
  - 7- 12×2" strips of paper
  - 7- 10×2" strips of paper
  - 7- 8×2" strips of paper
- Ribbon for Hanging
- Extra scraps of paper for center decoration and back pieces
- Hot Glue

Instructions

STEP 1: Stack one of each size of paper together and glue them together on one end.



STEP 2: Loop the shortest piece over and glue the edge down.



STEP 3: Repeat with the other two pieces until you have a teardrop shape.

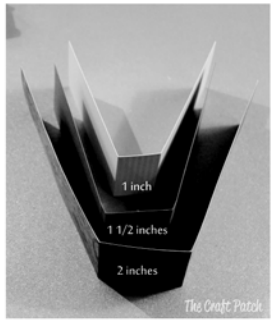
STEP 4: Repeat steps 2 and 3 until you have made six tear drops. Group in twos and glue the ends together to form a heart shape.

STEP 5: To make the stem, you will be making two fold marks on each of the three strips you have left.

For the 12" strip, make a fold mark 5 inches from the left edge and 5 inches from the right edge, so that there are 2 inches between the two fold lines and the section between the folds is centered.

For the 10" strip, make one fold mark 4.25" from the left edge and 4.25" from the right edge, so that there are 1 1/2 inches between the two fold lines and the section between the folds is centered.

For the 8" strip, make one fold mark 3.5" from the left edge and 3.5" from the right edge, so that there is 1 inch between the fold lines and the section between them is centered.



STEP 6: Line up the ends and glue them all together, like this:

STEP 7: Now assemble your shamrock. I cut out a small cardstock circle so I would have something to glue all those points to. Then I added a little accordion fold medallion in the front center. It's cute and it hides the part where it's glued together.

STEP 8: Glue on a ribbon loop to the back center circle so you can hang the wreath. The loop needs to be long enough to stick out above the top of the shamrock.
